

Friends of Calligraphy is pleased to present

BYZANTOSH

With

CHERRYL MOOTE

This workshop is designed to teach you the basic letterforms of Byzantosh in pencil, help you graduate to making the letters with a variety of calligraphy pens and then introduce you to a plethora of ideas for using the letters in your own work. Byzantosh is a hand created by Cherryl Moote using a blend of art nouveau styles and Byzantine influences. It came about when she was designing an alphabet for a fine art book called Fendrich the Three Feathered. This class is for absolute beginners just getting started with lettering and to encourage more seasoned calligraphers to explore new ways of using letterforms. Two of the highlighted techniques are using white on dark papers and working with coloured pencils. The class includes 2, three-hour sessions on Zoom, a full colour inspiration booklet and a printable workbook.

Cherryl is a calligrapher, bookbinder and paper artist. Cherryl was born with a natural teaching talent and loves to create print materials, videos and classes that allow you to learn new techniques with maximum enjoyment and success. The inspiration and guidance that she has received from her teachers and mentors have made her aware of the need to support other artists and craftspeople as they explore the paper arts. In addition to writing and teaching, she is actively involved in creativity coaching and is available to coach in person, online and by telephone.
